REASONS FOR ALLOWANCE

This is written in reference to application number 09/976279 filed on October 15, 2001 and published as US 2002/0068237 A1 on June 6, 2002.

Response to Amendment

1. Claim 5 has been cancelled. Claims 1-4 and 6-10 are currently pending.

Allowable Subject Matter

2. Claims 1-4 and 6-10 are allowed.
3. The following is an examiner's statement of reasons for allowance: applicant's arguments in regard to the prior art reference of Uno (US 6277541) are convincing. The said reference fails to teach the use of an organic acid ester as set forth in the instant claims. The examiner has failed to find any prior art teachings, which teach and/or suggest the use of an organic acid ester in combination with a photocurable resin, photoacid generator and photosensitizer as set forth in the instant claims. The claimed invention is therefore deemed allowable.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
